

the London Cinderella Project

The London Cinderella Project provides low income elementary graduates and high school prom attendees from the London area with formal attire for their end-of-year celebrations. We hope to foster a sense of pride in students and encourage them to participate with their peers in commemorating personal milestones.

At the London Cinderella Project we stress inclusiveness in our aims to remove the barriers that lower income families are challenged with. We recognize that eliminating these barriers promotes confidence and self-esteem in students' lives.

Mission

To ensure every girl gets a dress of her dreams
